### Students Counselling Cell

Students Counselling Cell was established in the year 2008. The Management has taken personal interest in setting up of the cell. In and around Villupuram, Cuddalore, Kallakurichi and Tiruvannamalai Districts, Mailam Engineering College is the only college which has the Students Counselling Cell. The Cell has been established by keeping in mind the problems of students. Our youngsters, the most vulnerable section of the society can be easily misled, trapped and can resort to undesirable activities. Hence the Cell plays a major role in guiding the student to move along the right path towards their destination.

The Counselling Cell of MEC is imparting its services to the students. The cell conducts the meeting to know the problems of the students and counselling is given to those who have face problems.

The counselor helps the students to resolve their problems in a positive way by helping them to analyze the problems, develop strategies and find out solutions.

Common Personal concerns include grief, relationship difficulties, anxiety and depression. The problems are solved in a confidential discussion between the student and the counselor about personal soul and emotional issues. Later students develop decision-making skills which are needed to meet the challenges of life and learning. Students can develop self-awareness / self-realization individualization, problem-solving skills, acquisition of social skills, behaviours and cognitive change, self-decision making abilities and empowerment etc.

### Technovation

Every year, MEC organizes Technovation, a premier event for B.E./B.Tech and MCA students from various engineering colleges come together to showcase their innovative projects and demonstrate their technical skills. Technovation serves as a platform to foster creativity, encouraging young engineers to develop solutions to pressing social, environmental, and technical challenges. This event brings together bright minds from across the nation,

promoting collaboration and the exchange of transformative ideas towards achieving technical excellence.

### Achievers' Day

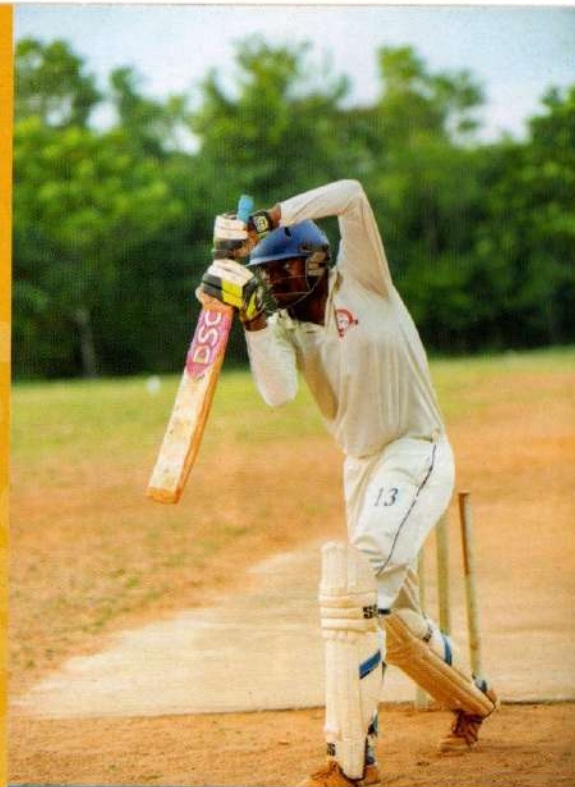

Every year MEC is conducts Achievers' Day to honour the achievements of the students and the faculty members. MEC selects the Best Outgoing Student among the male and female students and presents them with a trophy and cash awards. The Best Faculty Member (Male & Female) is honoured with Certificates and Cash Awards. The Class Toppers of every semester is also honoured with Certificates and Cash Awards to motivate their ardent academic pursuit. The students, who won the cash prize of other colleges' events, the same amount is being provided by our college to encourage them.

Placed students are being honored with offer letters on the achiever's day.

## MEC's Achievements in Sports during the Academic Year 2023-24
